

## Committed to ensure Canada remains the most responsible and sustainable producer of energy our world needs.

The Canadian Energy Executive Association (CEEA) brings together senior stakeholders focused on progressing the Canadian energy industry. We believe our nation's greatest successes are secured through strategic partnerships. For CEEA, the fabric of true accomplishment is woven through collaboration of operators, service providers, indigenous communities, policy-makers, academia, investors, and everyday Canadian citizens.

Executing our Mission is critically important to all Canadians. Throughout the year we host a series of intimate and interactive events, each designed for a truly unique experience. All events showcase our Core Values and are built upon our Association's three Pillars.

Business & Personal Network building

**Relationships** - foster connections for personal, professional, and corporate growth

**Pride** - proud of our history to promote world class standards, continuous innovation, and environmental stewardship

**Networking** - the premier association for energy executives of all ages and backgrounds.

**Fun** - provide invigorating experiences for executives and their partners to create lasting friendships

**Change** - recognize the need for continuous renewal by attracting emerging leaders on the energy landscape

**Inclusion** - focus on collaboration across all energy value chains

**Giving** - through our charitable partners, give back to the community so that it can carry the torch.

"CEEA has meant so much to us... contributing to our personal development, increasing our networks reach, and creating lasting friendships with people we likely never would have met. You can't get this experience anywhere else!"
